MIKADO

UNIVERSAL TOWEL HOLDER

REST AND WELLNESS IN EVERY ROOM

Mikado is a universal towel holder with unlimited possibilities. The natural appearance of the Mikado and the serene simplicity of its design radiate a feeling of rest and wellness in every room. The most striking aspect is the slender wooden stick inspired by the game of the same name. The sticks are made of maple, oak or walnut.

MIKADO

BE INSPIRED

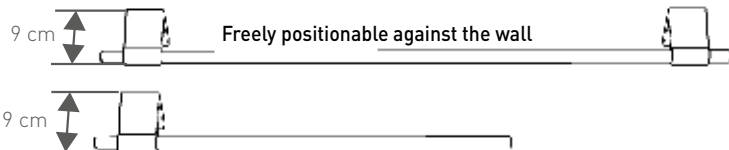

Place a Mikado in front of a vertical radiator or above a horizontal radiator to create a comfortable towel drying rack. Or attach a Mikado to bathroom or kitchen furniture or simply on the wall. The different playful combination possibilities allows you to integrate a Mikado perfectly into any interior. Be inspired by the many creative possibilities!

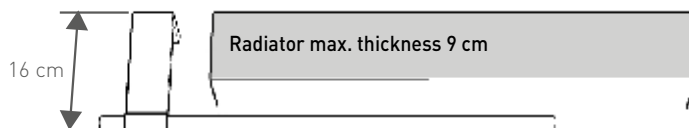

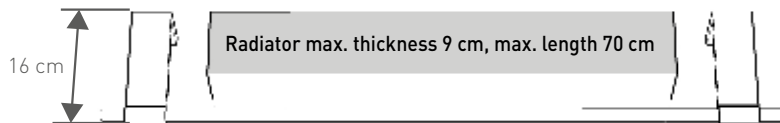

DIMENSIONS

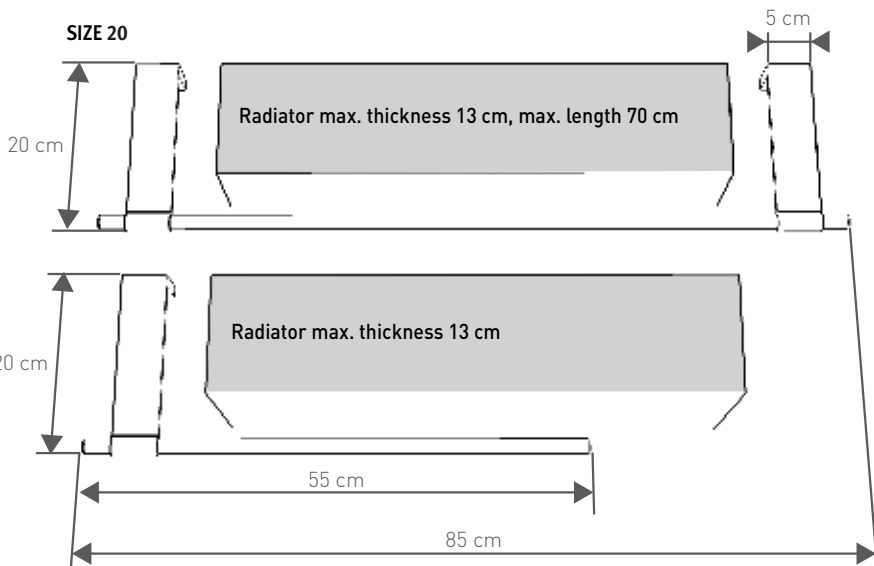

SIZE 09

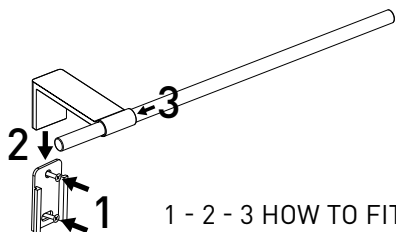

SIZE 16

SIZE 20

Always attach it using two brackets

jaga

MIX AND MATCH

USE YOUR IMAGINATION

The brackets are made of extruded aluminium and are available in four finishes: satin-matt lacquered white, anodised aluminium natural colour, and brushed stainless steel look or chrome. These are available in three different lengths. So, we offer the optimal distance between towel rail and wall or radiator in all situations.

The Mikado wooden stick is available in two lengths and in maple, oak or walnut. For the length 55 cm option, a single wall bracket is sufficient. It can be placed in any desired position, both at the end and in the middle of the stick. **For the stick of length 85 cm, two wall brackets are required.**
